

PCB Type:	Singlesided
Min. Drill endsize:	1,0mm
Min. Tracksize:	0,125mm
Min. Airgap	0,125mm
Soldermask:	Green / White / Black
Silkscreen:	White / Black
Surface:	HAL leadfree
Gap contour - copper:	0,3mm
Contour processing	Routing
Copper thickness	0,035mm
Dielectric substrate	0,100mm
Carrier material / Aluminium	1,5mm

Optional: It is possible to have depth milling, drills with threads (extra charge applies) This Data must be supplied in a separate DXF or Target Frontpanel designer file
